If I understand their position correctly, I don't think they think

Ex. 5 Deliberative Process (DP)

## Ex. 5 Deliberative Process (DP)

I did tell them that I would need to circle back with you on this and I think they were going to get HED's feedback as well (although they were prepared to sign this week).

Spoke with RD team today. They indicated that in talking with Catherine and Dan, **Ex. 5 Deliberative Process (DP)**

## Ex. 5 Deliberative Process (DP)

At this point, the plan is to sign our DWA on Monday when everyone is back in. I understand the RD team will reach out to HED on this and let them know that Monday is okay to sign.

Amy

In the comms meeting this morning, they said that the Administrator has a meeting in Florida on Jan. 12, 2021, and that they hoped it would publish before that.

Ed/Mike –

Please see an update below from the team on aldicarb. Given that the comment period closes on 1/6<sup>th</sup>, we do not believe that we will be able to make the 8<sup>th</sup>. We already have comments in the docket and expect some more. We propose a date of the 15<sup>th</sup>, but we are hearing from the comms team that the administrator has an announcement date planned. Please advise.

We are working from draft assessments in the hope that we don't get any major last changes.  
EFED/HED/BEAD – please confirm.

Thanks,  
Marietta

**Importance:** High

Good Afternoon Marietta,

As a follow up to our meeting this afternoon here is the status of the pending action:

- PRIA date
  - January 8, 2021. This will likely need to be extended since the public comments of the NOR do not close until January 6, 2021. RD is proposing the PRIA date extends to 01/15/2021.
- Public Comments
  - Currently have 20+ comments (mostly positive) have been submitted but we anticipate more will be submitted at the very end of the comment period
- Communications
  - Target OPP Update completion is January 7, 2021. With the comments closing the previous day (January 6, 2021) we will like need more time before the can go out.
  - OPP Update: RD is working with FEAD on the first draft
  - Q&As: RD is going to be working with FEAD and the science teams to pull together questions.
- Labels

- First round of comments sent to registrant on 12/22/2020, it is possible more will be needed as we more closely define the terms of registration.
- Decision Document
  - RD has most of the draft reviews to work from.
    - We believe BEAD said their numbers will not change but their draft may be reformatted. So we are working from the draft sent 12/22/2020.
    - EFED provided draft Eco on 12/17/2020, and drinking water numbers in 12/18/2020. The memos will be finalized next week.
    - HED provided draft RA 12/22/2020, they plan to finalize it next week.
  - RD is using the Draft RAs to write the decision memo. Plan to get the first draft to RD IO by COB Wednesday 12/23/2020
- Terms of Registration
  - RD is going to be working with OGC and registrant on this. Recent conversations with Region 4 and Florida have brought up additional concerns that may need to be addressed.
- Registrant Stewardship
  - Likely that we will need a updated plan submitted that includes specific details for monitoring and reporting of the application, water, sales, and distribution.

IVB2 will be having periodic internal meetings and will loop in the RD IO, OGC, and others as needed. Please let us know if any questions arise and we will work on responding to them as quickly as possible.

*This message is internal and deliberative. Do not cite or distribute externally.*
